

# Be Love

Most Beautiful, All Powerful, Ever Loving Divine Mother-Father Creator

Thank You for this day of Joy, Love and Life united  
with all my brother and sister relations, among whom I am blessed to grow, learn and create.

Eternal Divine Love iz the Greatness in me that iz greater than me.

I accept the Truth of Your Love in me

Each day I wake,

Divine Love iz here to greet me.

With every breath,

Divine Love protects me.

Upon my every thought and deed, right and wrong,

Divine Love continues to support me.

Today, in thanksgiving, joy and praise, I volunteer my heart and consciousness –

P L E A S E

Make me Your partner in the work of redemption.

In the face of dis-ease,  
take me as Your instrument of Healing.

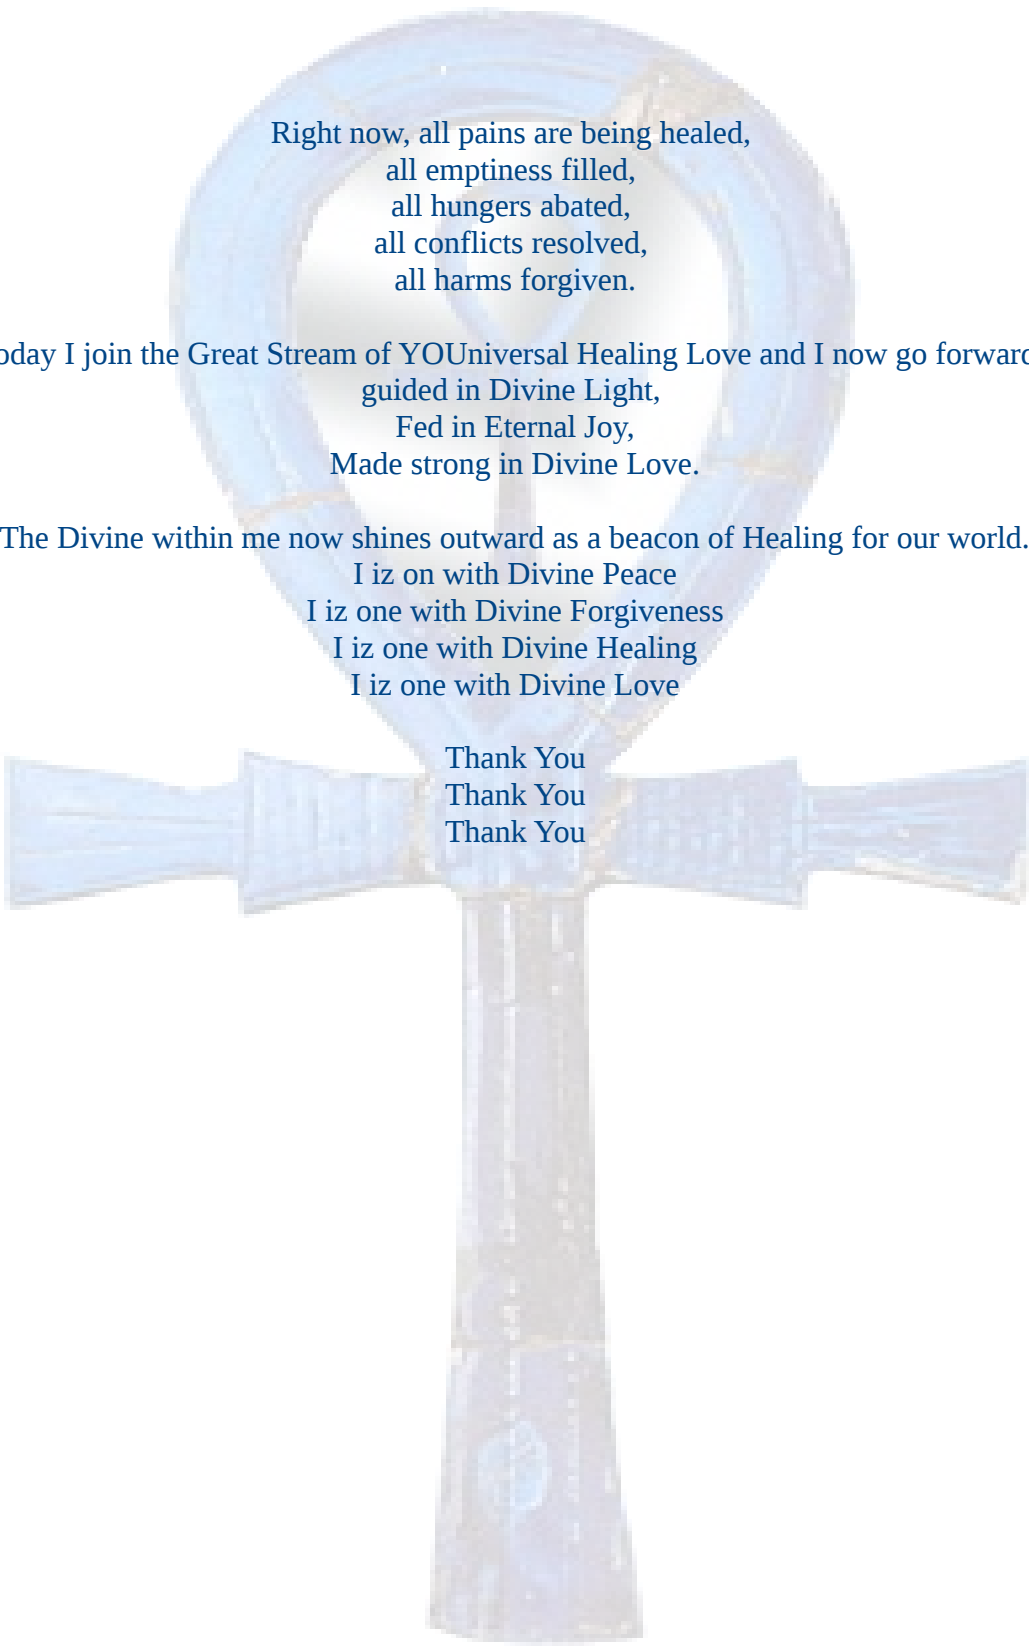

In the face of poverty,  
let me be Your beacon of Perfect Wealth.

In the face of despair,  
permit my opened heart to be the picture of Your tireless Empathy and Comfort.

In the face of injury,  
allow my forgiving arms to be the deliverers of Your Awesome Salvation.

In the face of self-doubt,  
let the sound of Your Holy Names upon my tongue be the carriage for Your Undefeatable Bliss.

In this moment, I know and affirm  
that the Absolute Power of Divine Love iz Alive in my body, my mind and in the soul-essence I share  
with all life.

Right now, all pains are being healed,  
all emptiness filled,  
all hungers abated,  
all conflicts resolved,  
all harms forgiven.

Today I join the Great Stream of YOUiversal Healing Love and I now go forward,  
guided in Divine Light,  
Fed in Eternal Joy,  
Made strong in Divine Love.

The Divine within me now shines outward as a beacon of Healing for our world.  
I iz on with Divine Peace  
I iz one with Divine Forgiveness  
I iz one with Divine Healing  
I iz one with Divine Love

Thank You  
Thank You  
Thank You

## ***Tua-U For Your Support!***

In our healing mission we get to support and witness the greater brightening of already illuminated sacred professional leaders, lovers and Bliss Warriors. Still, there are those in our midst too steeped in crisis and pain to trust in their own shining. Recognizing this, we also delight in our commitment to bringing Sh'ti Mer whole-self liberation to incarcerated people and wombn escaping violence.

Your helping hands, prayers, gifts and tithes make possible the continuing work of this quietly powerful ministry. Those of us who know we iz Light, must go into the shadows to free our kindred there.

Know that because of you, WE do.
